**Indi Seehra**

Chair of the RESAVER  
Consortium and Director  
of HR at LSE (UK)

## Event Details:

**Date:** October 7th, 2024 - 10:00 AM

**Duration:** 2 hours

**Location:** The event will be held in Vienna with an option to join online via video conference.

## We will discuss:

- Financial wellbeing for early career researchers
- The past Financial Life cycle
- Retirement planning for today's early career researchers
- RESAVER Pension related and additional solutions

## Who should attend?

The event is designed specifically for employers and representatives of public/private institutions who employ researchers, including those who frequently move between European countries. It will address the unique financial challenges faced by these researchers. The content will be of interest to individuals with responsibility for developing researchers, research supervisors, and decision makers on employee wellbeing initiatives, e.g., HR.

## Why Attend?

- Gain insights into optimising financial security for your researchers.
- Learn how RESAVER removes pension barriers in the EEA, providing a pan-European pension solution for all staff, not just researchers.

**Your Feedback:** We are keen to gauge interest and ensure the event meets your needs. Could you please confirm if you or a representative from your organisation are interested in attending our event?

We look forward to your response.
